Dear Client

It is with regret that we are writing to inform you we will no longer be providing an equine service, from the 19/10/19. There are several reasons for this which include a general shortage of veterinary surgeons in the UK and a reluctance of many to do a combination of small animal and equine work. We do this with a heavy heart as we have provided a service for the last 30 years and built up a loyal relationship with many of our clients.

There are many equine practices in the locality and we recommend you contact them for future services for your horse(s). We can then email relevant history to your chosen practice. We would like to thank you for your custom.

Kind regards

Richard Gibson
