*The cost of the first part of your puppy or kitten's two-part primary vaccination course is not covered. The second part is covered.

**Your Vetsure Direct Home Delivery Service will begin when your pet reaches a consistent adult weight. This is usually when they reach around six months of age. Regular in-clinic weight checks are required during the first six months so your vet can ensure the amount of flea and worm treatment your puppy/kitten receives is in line with their rapid growth.

Please speak to your practice if you have any questions. Terms and Conditions apply, full details available at: myvetshealthplan.com
